Eurofins Medigenomix Announces Appointment of New Forensic Services Director

Eurofins Medigenomix is pleased to announce the appointment of Dr. Burkhard Rolf as Director Forensic Services within Eurofins effective 1st October 2008.

In this new role, Dr. Rolf will be responsible for developing our scene of crime business as well as legal paternity testing. He will work closely with Dr. Rainer Schubbert, Director of Lab Operations, utilising his experience in high throughput processing of forensic reference samples and other forensic applications.

Dr. Rolf joins us from the Institute of Legal Medicine of the University of Munich, where he has spent 9 years as forensic scientist and has held a leading role as an expert witness over the last 6 years. His 12 years of scientific experience and good contacts to police forces and the forensic community will be of exceptional value for further developing our business in the forensic market. We are having now a team of leading experts and best trained technicians and can compete to any forensic lab in Germany.

Notes for the editor:

Eurofins Forensic Services – Specialist Analysis

Eurofins Forensic Services specialises in the provision of forensic DNA and toxicological testing and support services to police, legal, and criminal justice organisations within the UK.

Eurofins – a global leader in bio-analysis

Eurofins Scientific, a life sciences company operating internationally to provide a comprehensive range of analytical testing services to clients from a variety of industries including the pharmaceutical, food and environmental sectors.

With over 7,000 staff in more than 100 laboratories across 29 countries, Eurofins offers a portfolio of over 25,000 reliable analytical methods for evaluating the authenticity, origin, safety, identity, composition and purity of biological substances and products. The Group is committed to provide its customers with high quality services, accurate results in time and, if requested, expert advice by our highly qualified staff.

The Eurofins Group is one of the global market leaders in this field of applied life sciences. It intends to pursue its dynamic growth strategy and expand both its technology portfolio and its geographic reach. Through R&D, in-licensing and acquisitions, the Group draws on the latest developments in the field of biotechnology to offer its clients unique analytical solutions and the most comprehensive range of testing methods.

As one of the most innovative and quality oriented international player in its industry, Eurofins is ideally positioned to support its clients' increasingly stringent quality and safety standards and the demands of regulatory authorities around the world.

The shares of Eurofins Scientific are listed on the Euronext Paris (ISIN FR0000038259) and Frankfurt (WKN 910251) Stock Exchanges (Reuters EUFI.LN, Bloomberg ERF FP, ESF, EUFI.DE).

Eurofins Medigenomix GmbH

Eurofins Medigenomix has since 1988 offered our bio-analytical services to clients worldwide and is a leader in the field of DNA based testing, specialising in human identification and relatedness analysis. The laboratory is accredited to ISO 17025 in the fields of Forensic Genetics, Veterinary Molecular Diagnostics and Food Authenticity.
